# Cyborg Ninja vs. The Third Reich

## Anarchy Softworks LLC

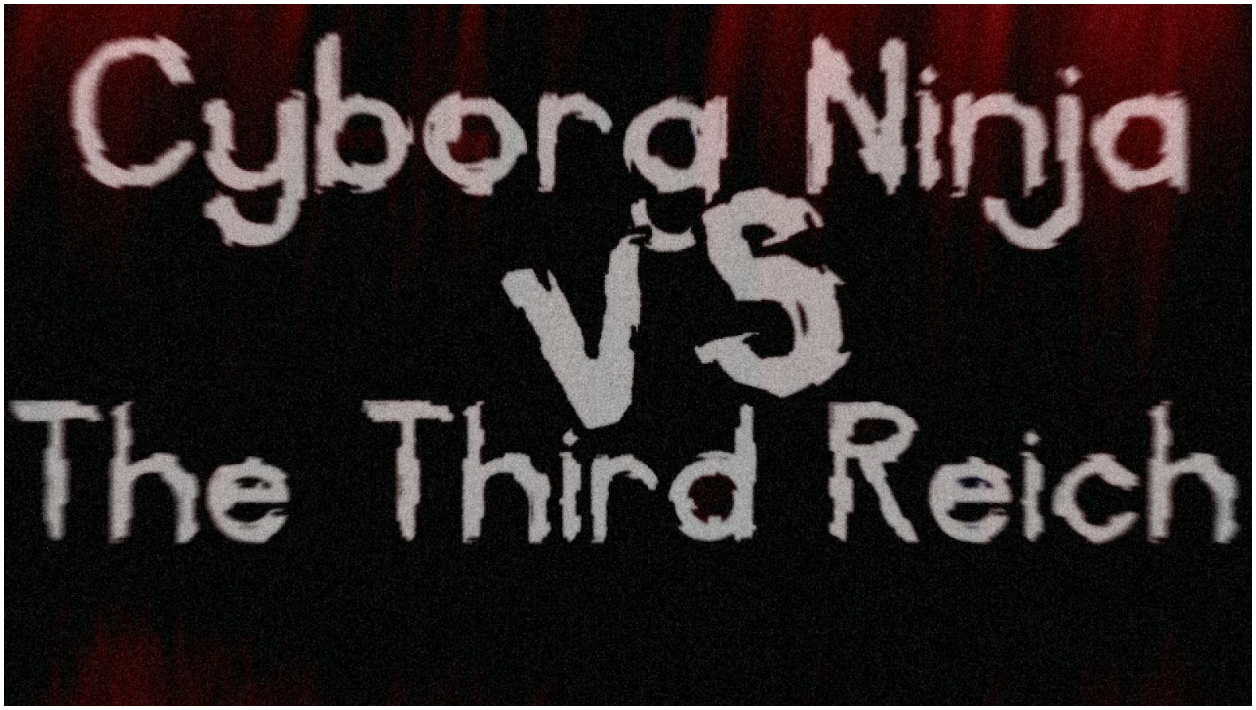
==========

**SUMMARY**

This is the Steam release of Cyborg Ninja vs. The Third Reich! Cyborg Ninja vs. The Third Reich is a 2D action platforming game! Players assume the role of CN000, a prototype cybernetic ninja made for the sole purpose of destroying The Third Reich. Infiltrate a Nazi military base and decimate their forces from within in this throwback to the 16 bit side scrolling glory days!

2D Side Scrolling Action
Arcade Style Gameplay
12 Challenging Levels
4 Difficulty Modes
Original Chiptune Soundtrack

Get ready to kick some Nazi ass!!!



==========

==========

## ABOUT

Anarchy Softworks is a one man indie game studio! Everything is DIY - the filthy noise that I call music, the pixel vomit graphics, and the mess of spaghetti code that holds everything together. I do it all myself and it shows. Thank you for playing my game!
