This is Zeta Complex.
You don't know when or why did you end up here.
But you need to get out.

Use WSAD to move and mouse to aim and shoot.

Turrets have 3 alert levels:

 this one sleeps

 this knows you are closeby but can't see you yet

 this one sees you and will attack

You have a number of different weapons and tools:

 pistol is your basic weapon

 raygun reflects from walls 4 times

 grapple hook helps to reach places

 use sprint while running for more speed

 grenade has area of effect

 laser sight helps aiming

 shield makes you invincible

 hearts give you a chance to survive longer

Good luck!
