Special Moves:

Press "Jump" again in mid-air to double jump!
Double Jumping also attacks enemies below you!

Your Dash makes you invincible for
a brief time!

While Dashing and in the air, press
Down + Jump to initiate a roll!
Rolling makes you go really fast!

Extra Weapons:

Defeating Bosses gives you
access to their weapons.

Special weapon ammo is limited
but regenerates after a short time.

Destroying enemies also recharges
weapon energy.

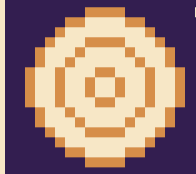
Critical Mode:

Lowering your HP past a certain
threshold activates "critical mode".
In critical mode, your damage is doubled!

Hyper Mode:

Getting hit and destroying enemies fills
an energy meter.
You can spend that meter to heal yourself,
by entering "Hyper Mode".

Extras:



Trinkets: Collect them all and maybe in the future something happens...

Friends: Free them and they will come to your aid when things get rough.
