

Thank you for downloading Scarlet and Blank (English v1.0).

This game is a sound novel, so there are no choices to be made while reading.

The main story includes a prologue and epilogue and is fully voiced.

After clearing the main story, a bonus epilogue chapter unlocks which is partly voiced.

— Navigation —

Launch	Click Scarlet and Blank.exe (if using Windows) or Scarlet and Blank.app (if using Mac).
Start / Continue	Click Start to go to Chapter Page 1. The first chapter is titled Prologue. After clearing Prologue, the Start button will change to a Continue button.
Extras	Click Extras to read a bonus epilogue chapter and production notes, both of which unlock after clearing the main story.
Menu	The menu can be accessed from the Chapter Pages.
Unlock All Chapters	New chapters unlock one by one after clearing each previous chapter. You can choose to unlock all chapters including those in Extras by clicking Unlock All Chapters. However, you will miss seeing an important scene transition. This action cannot be undone unless the save file for the game is deleted.
Shortcuts	While reading, hover on the lower right-hand side of the screen to call up shortcut commands in red. Click them to enable Auto, Skip, Log, Fullscreen, Hide Text, Save, Load, Options, Go to Title Page, and Exit Game.
Options	Options can be accessed from the menu or shortcuts. Click Options to change volume, text, autoplay, and skip settings. Click anywhere on the screen to stop autoplay, skip, and to make text visible after hiding it.
Voice Replay	Click the arrow symbol ▶ next to the dialogue line in the log to replay the line with voice audio.
