- Block / Unblock Other Players.
- Organize party(not yet implemented).

Chatting

Press 'Enter' key to enter chat mode. The cursor appears in the chat input window. Type a sentence and press 'Enter' key to send a chat message. And it will automatically exit chat mode.

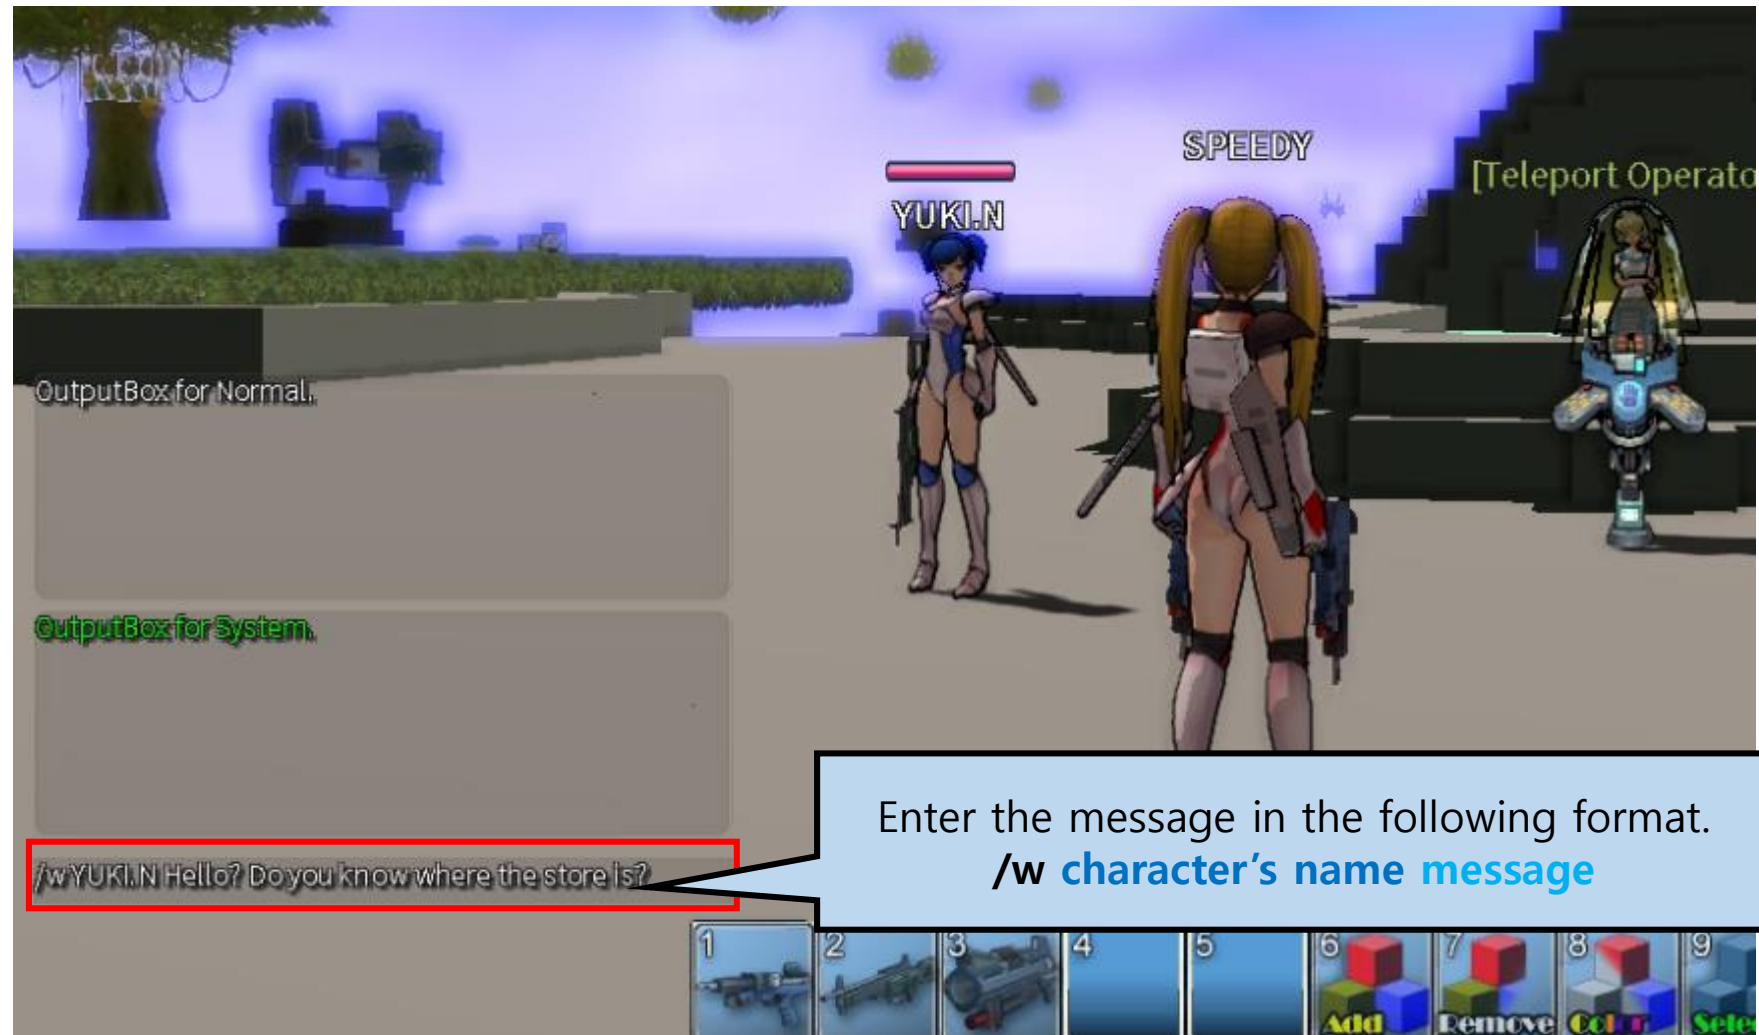

Chatting – normal mode

Chatting – normal mode

Chatting – Direct Message

Chatting – Direct Message

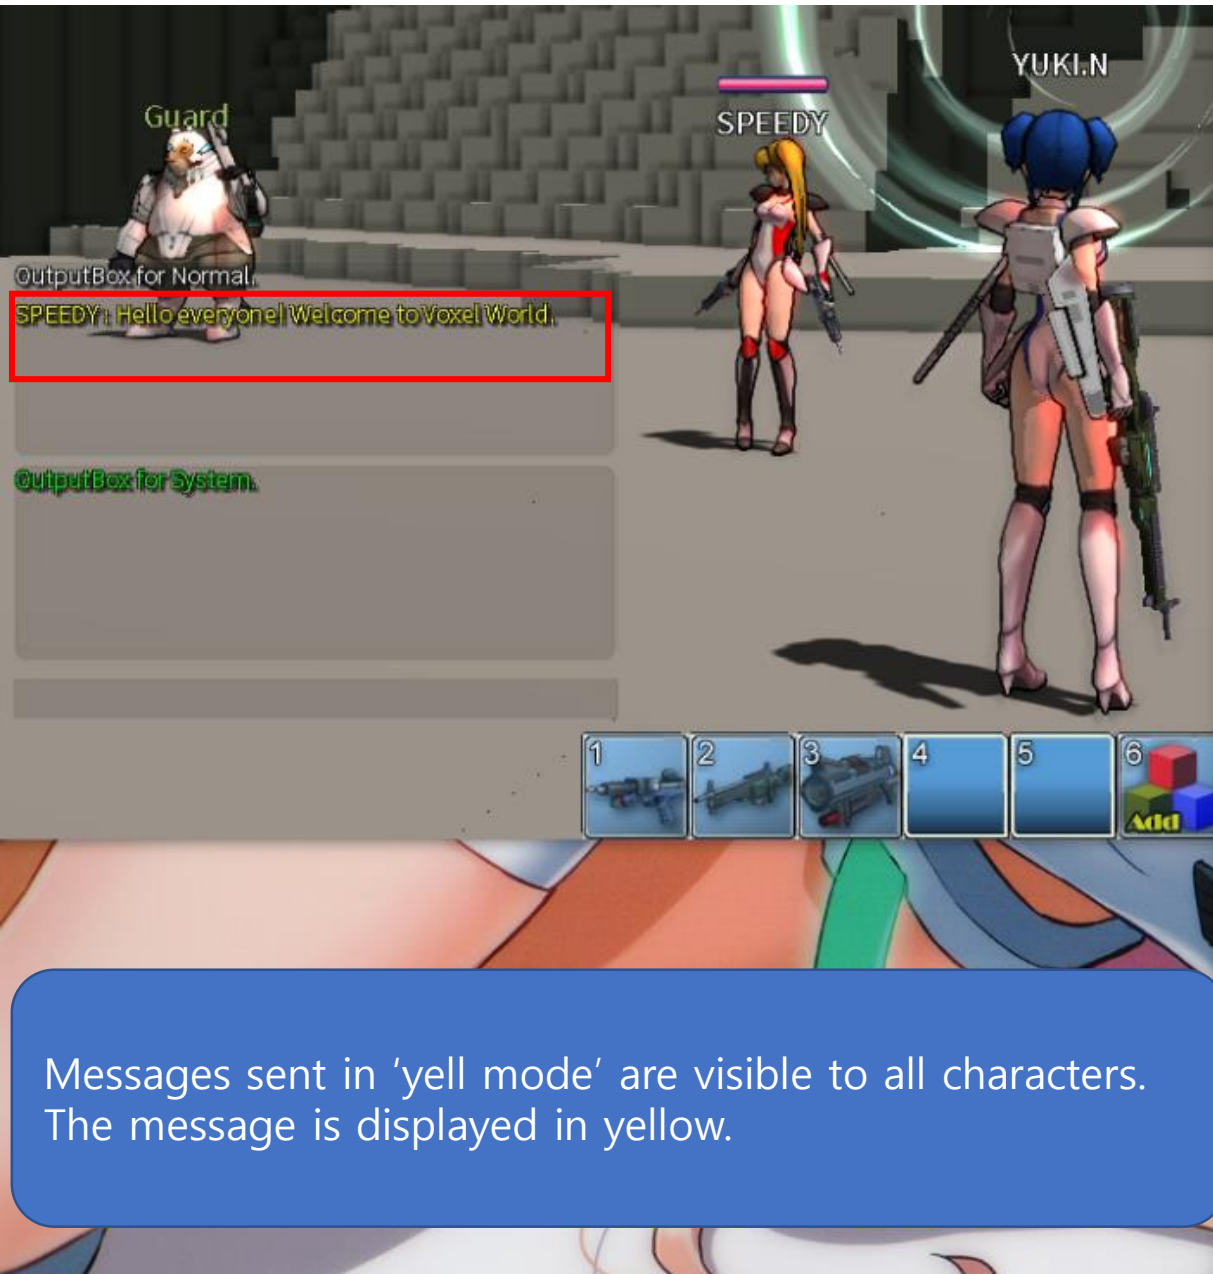

Messages sent in direct message mode are only visible to the character you specify.
The message is displayed in purple.

Chatting - Yell

Chatting – yell mode

Messages sent in 'yell mode' are visible to all characters.
The message is displayed in yellow.

Console window for command.

Due to one-person development limitations, this game does not support a full GUI. Some functions require command input.

Pressing the ' key opens a console window.

Press Esc or type exit to exit the console window
