Thank you for playing Robot Paradise VR

You will control your Helpobot entirely with your head movement and your voice.

You have to stand in a clean and safe area and wear headphones Headset with microphone to enjoy the best experience. Beware! In the turret level, you have to use your voice and any sounds around you.

Make sure that you are in a quite environment and try to use your gear in standing not sitting position to avoid motionsickness.

Be carefull with your cables!

So you dont need your controlers. You just need your VR gear and a Headset with a microphone.

You can speak in Japanese or English it does not matter but speak loud and clear.

HERE THE CONTROLLS

MOVE HEAD SLIGHTLY DOWN TO MOVE FORWARD

LOOK STRAIGHT TO STOP AND LOOK AROUND

BUT DO IT GENTLE: HOW MORE YOU BEND DOWN THEN QUICKER YOU GET

TURN WITH YOUR BODY TO LEFT AND RIGHT TO CHANGE THE MOVING DIRECTION

say start game

say quit the game

say skip the animation

say continue the game

say skip the tutorial

say repeat please

say go on

Also start with a short trip and take a break.

You have to get use to it slowly. After a 15 Minute break just try again for a bit longer.

ask your family or friends to guide you with the printed map of the Robot Paradise City.

Download the PDF file of the Robot Paradise City map here:
