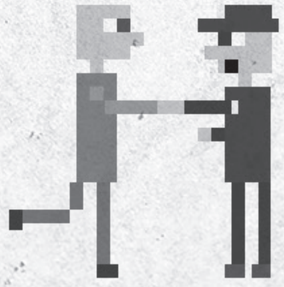
POO PUSHER

COPYRIGHT SYZYGY SYSTEMS AND POO INC. 1981 AND BUMFUN GAMING 2024



Welcome, player, to POO PUSHER. Previously thought lost, BUMFUN GAMING managed to track down an almost complete prototype of this classic, hitherto unreleased SYZYGY SYTEMS/POO INC crossover title.

Fabled in arcade circles for its onscreen scatalogical mayhem as well as its fiendish difficulty, POO PUSHER has been resurrected for 2024 by a dedicated team of imbeciles.

What we at BUMFUN GAMING now present to you is the result of years of hard work, to the point where we're now able to give you, the player, POO PUSHER as it was always intended to be.

We're extremely proud to be able to finally release the title, and hope that you enjoy playing it. Please read on for full instructions.
