Dark Rain

Instruction Booklet

Doko Roko

A SPECIAL MESSAGE FROM ERIC MACK

Thank you for selecting Doko Roko, a game that has taken me several years to finally finish! Doko Roko is the first game I ever started and the journey to completion has not been without its trials and tribulations.

I'd like to humbly give my thanks to all the Kickstarter backers who made this project possible and extend my gratitude to them for their patience, encouragement, and tolerance for my lack of communication.

I'd also like to thank Marcus Seletsky who did the music and sound for this project. His contributions have brought the world of Doko Roko to life in a rich and heartfelt way that I never would have expected. He's been there from the start and I love him like a brother!

And lastly I'd like to thank my parents for providing me with infinite love, encouragement, and support. I am forever grateful to them for helping me realize a dream and it means a lot to me.

I hope you enjoy Doko Roko!
Onward and upward,

Eric Mack
