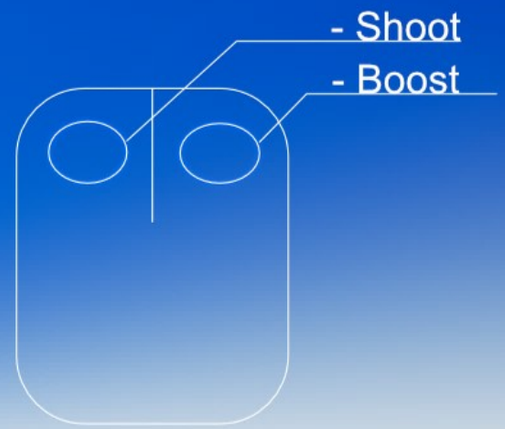
Welcome!

- Nice to meet you!
- This is the first bullet storm 3D shooting game!
- This is a instruction guide for your enjoyable shooting experience.
- Let's check it out.

W - Upward

- Left A S D - Right

- Downward



Shift - Forward

Space - Backward and Invincible Module

- This is all keys in this game.
- Oooops I forgot T keys to pause the game XD.
- Let's check about game play instruction.

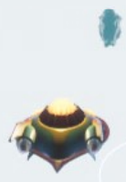
W - Upward

- Left A S D - Right

- Downward

Shift - Forward

Space - Backward and Invincible Module

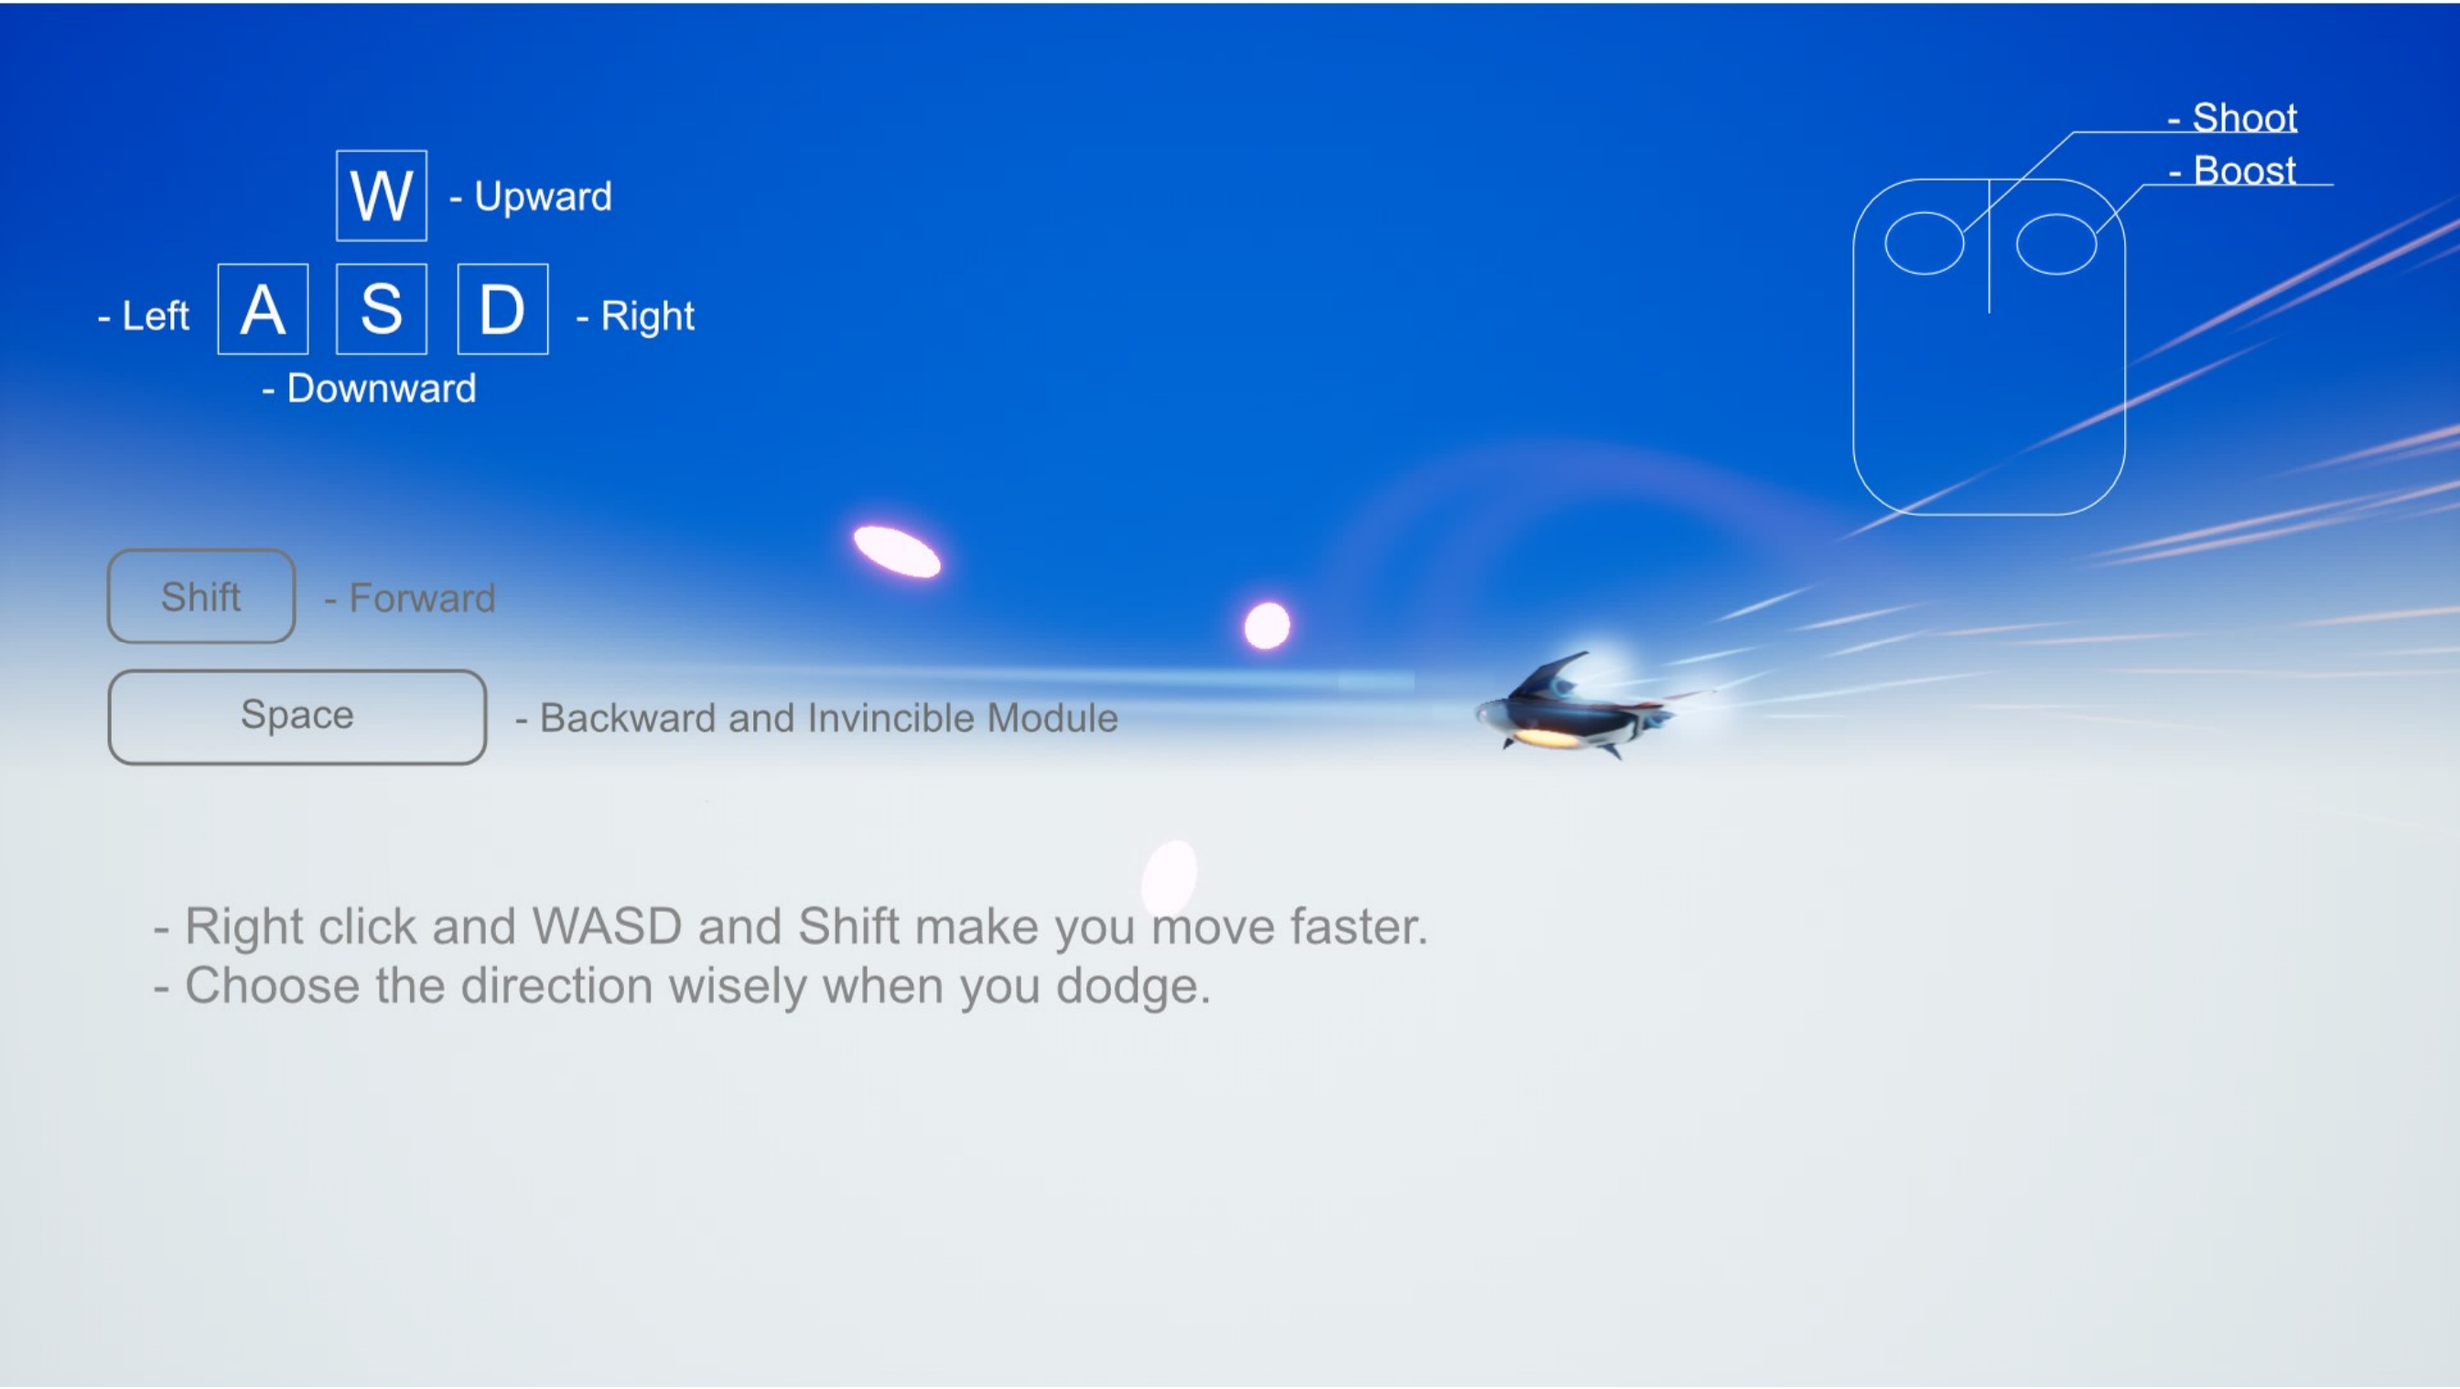


Sun XD

Life and Arms

- This module will assist your attack

- When hitted, you will loose your life and arms.
- First you have only 1 life, but you can earn lifes up to 5.
- The more lifes you have, the stronger your fire power.



W - Upward
- Left A S D - Right
- Downward
- Shoot
- Boost
Shift - Forward
Space - Backward and Invincible Module
- Right click and WASD and Shift make you move faster.
- Choose the direction wisely when you dodge.

- Pressing Shift, Left mouse + Right click for Boost Shot.
- Each time you made successful shot, the more chance to survive.
- Be careful, this make you charge forward.
- But don't hesitate to take a chance to shot to get your power.
- In first, there are 3 Sec Cool time. After the round, you can reduce by upgrading.

Fine! Let's have some fun!

- This game is designed to take a 20 minutes to onecoin ending for now.
- But I bet you can't. XD Anyway GOOD LUCK.
