BURNIT QUEST GAME MANUAL

Follow these 4 easy steps to get your game up and running in no time!

1. **Install and run** the **FitController app** in your smartphone device. It can be found at the **Google Play Store** & **Apple App Store**.

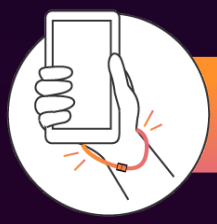

2. Click and run the **BurnitQuest.exe** file.

3. Certify that your phone and computer are connected to the **same WiFi network**. (Also remember to check the public and private network access on the prompt window)

4. Use the **arrows and "+"** button to navigate menus. To move your characters just follow the tutorials and move your body accordingly.

Have fun burning those pesky calories!

EXTRA The game also has a multiplayer mode, all you need to do is install FitController to another phone and have both running the app at the same time!

We highly encourage you to use wrist straps with your phone during play!
