README- Heartbeat

Supported platform: PC
Supported aspect ratio: 16:9
Headphones are recommended.

Movement

Move by pressing left or right keys on your keyboard in rhythm of the beat or half-beat.

Actions

To perform actions in-game, type in the commands announced when near interactable objects. For example, when approaching a door, type "open door".

Hiding

To hide hold the up key.

Trap

Set a trap (assuming you've got one) by pressing down on beat.

Saving the Game

Get to the next safe room and interact with a radio. Safe rooms can be identified by a soothing sound.

Known Issues

1. Hiding mechanic auto firing when pressing up.
   SOLUTION: Disable keyboard rapid firing function.

2. Laggy sounds.
   SOLUTION: Change computer's sound output device and restart the game.
