Getting Started

A.I NANDA offers puzzles that suit your current skill level.

You can play season board puzzle by clicking on each tile on the season board.

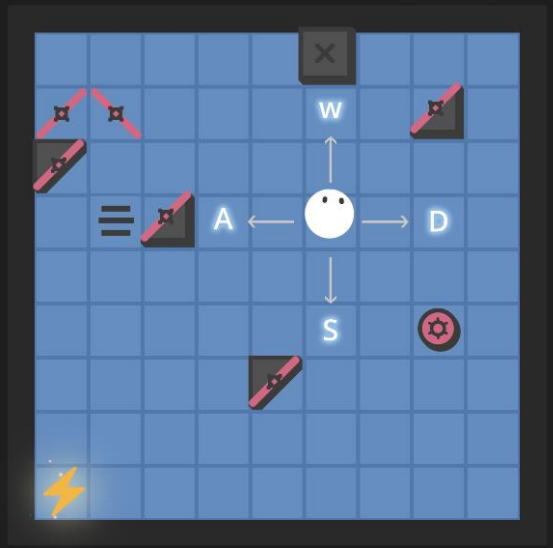

You can find many more puzzles in PLAY OTHERS' PUZZLES.

Playing Puzzle

Move your Foonda to reach the Goal!

Use WASD or arrow keys to move Foonda.
Foonda moves straight towards the direction
you pressed until it gets blocked.

Object Guide

Disc

Foonda and discs can push away other discs.

Pushed discs move straight
until it gets blocked.

Gap & Hole

Gaps turns into holes once Foonda
or a disc passes over them.

Discs fall into holes,and holes filled with a disc turns
into a normal ground tile.

Reflector

Reflectors change Foonda's direction
at an angle of 90˚.

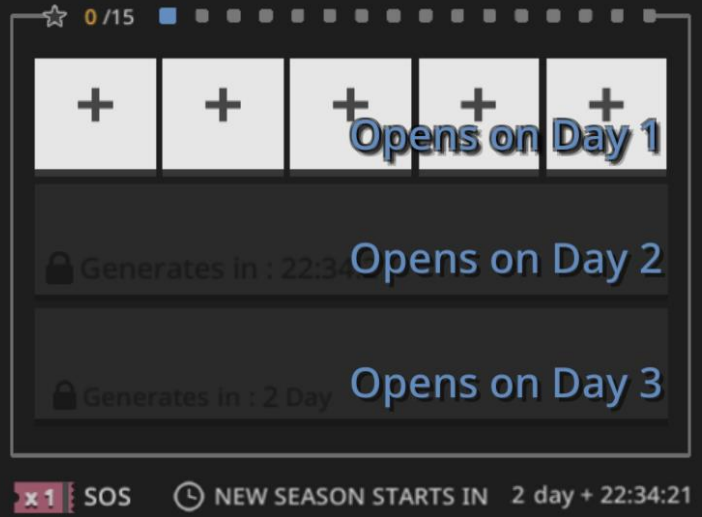

One-Way Reflector

Reflectors rotate 90˚ clockwise
if they get hit by Foonda or discs.

Foonda and discs get blocked by walls of
One-way Reflectors.

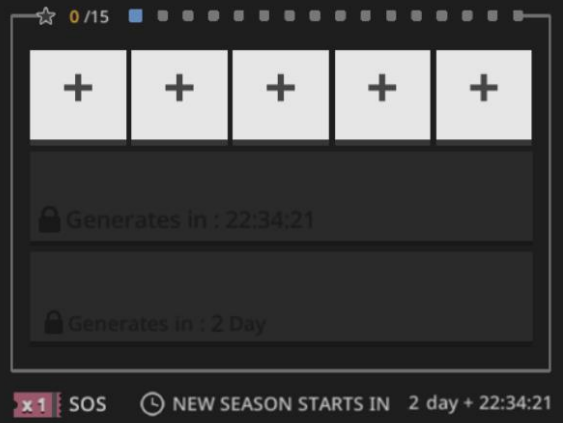

Season

Each season is held for 3 days,
and new rows open daily.

You can check the
result of the season
once the season ends.

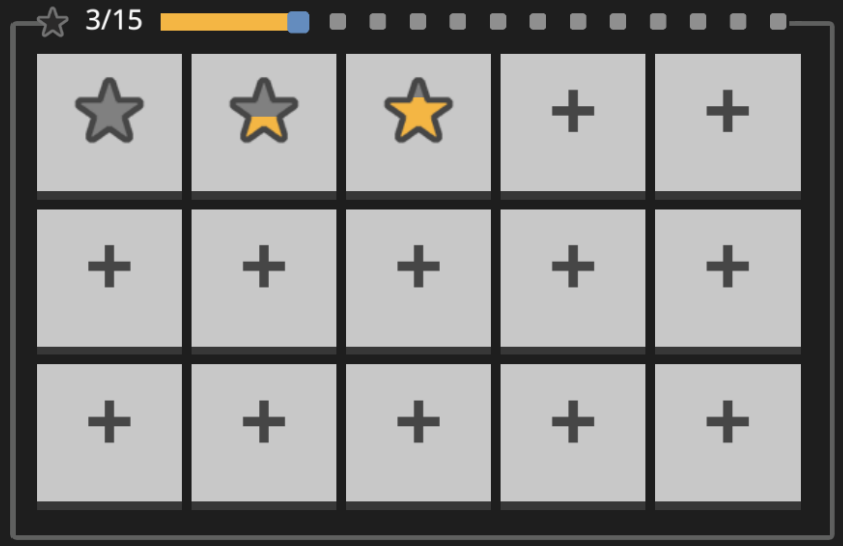

A new season starts right after
the previous one has ended.

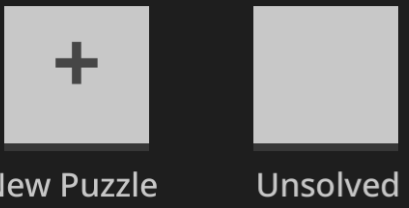

Season Board

During the season,
you become the owner
of your
season board puzzles.

You get a star with each puzzle you solve.
Complete your season progression
by winning many stars!

Others' Puzzles

Hello's Puzzle

Nanda's Puzzle

You can play puzzles of other players
or puzzles of A.I. NANDA.

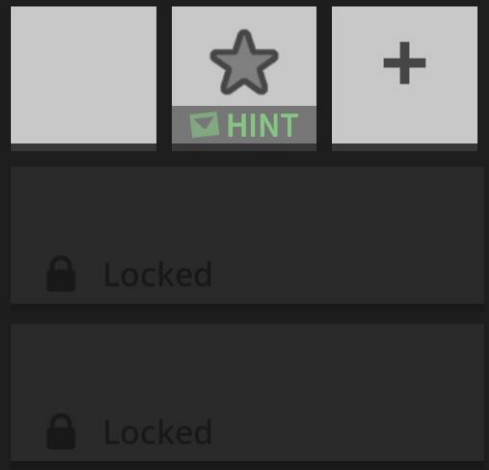

If you solve a puzzle of another player
with less moves,
you can leave a hint to the owner and help them.

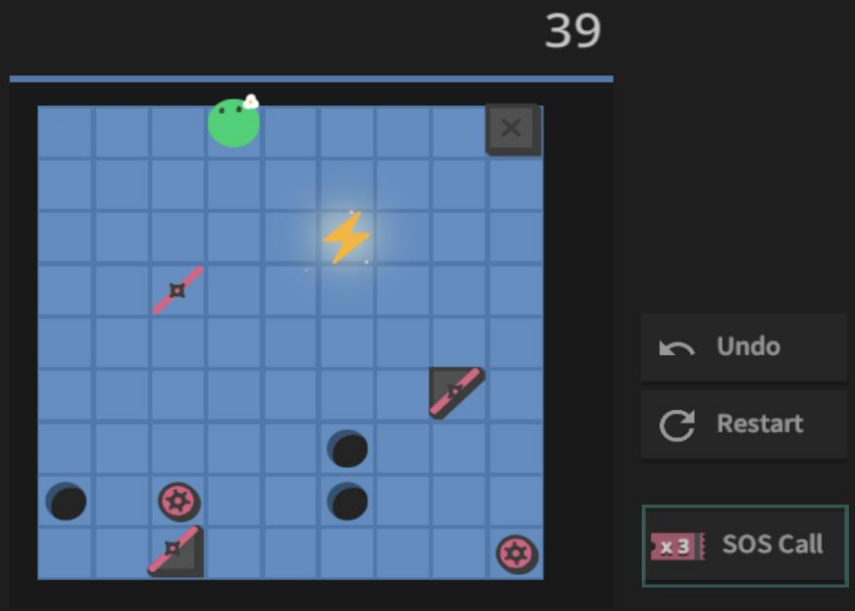

Hint

Other players
can leave hints to
season puzzles you solved.

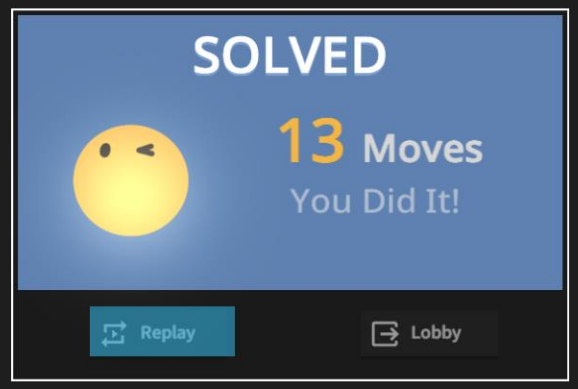

If someone leaves you
a hint,
you can check it on the
season board tile.

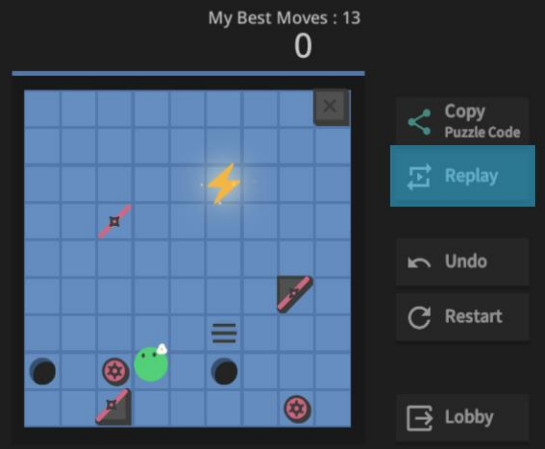

If you need a hint for a puzzle you find hard to solve,
you can call out SOS.
You get one SOS Ticket per day,
and unused tickets will be removed
when the season ends.

Replay

You can check your replay after you solve a puzzle.

Check your best record at Season Board puzzle.

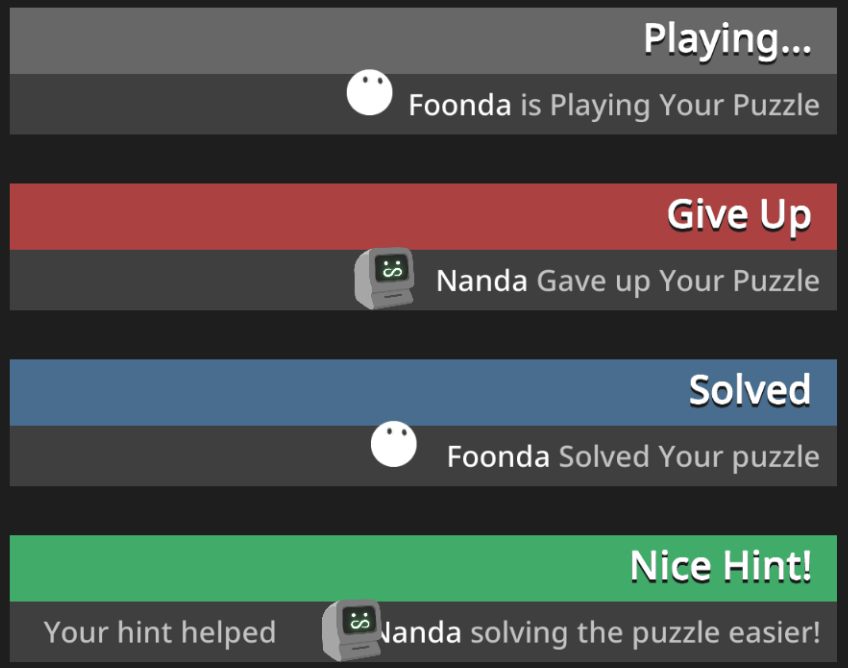

When you solved puzzles of other players, you can compare records of both sides by replay button.

Puzzler Activities

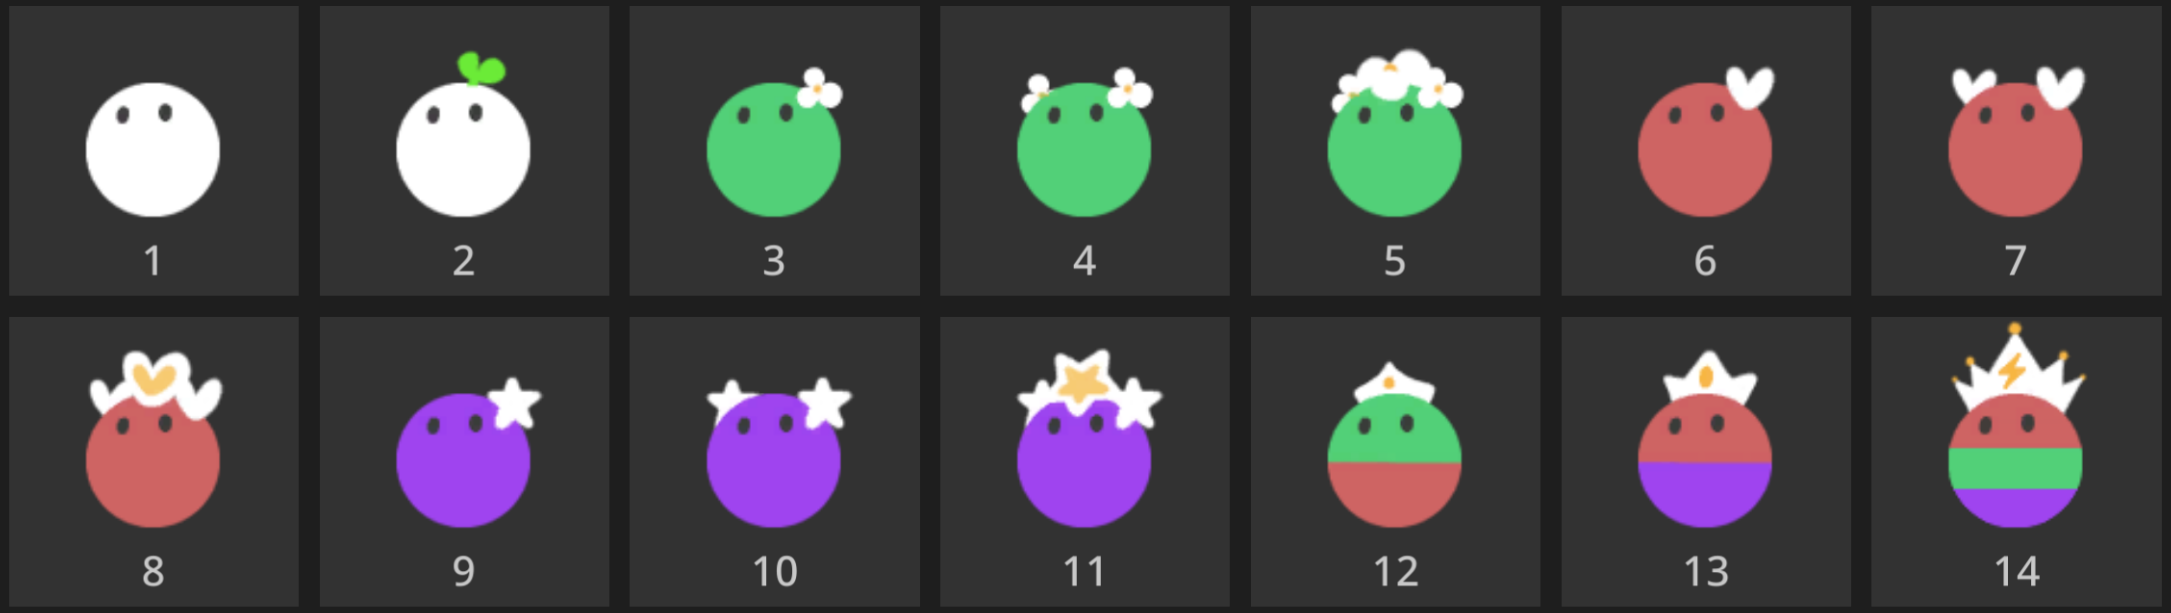

You will be informed in real time
if another player challenges your puzzle.

These are the information that you will receive.

Tier

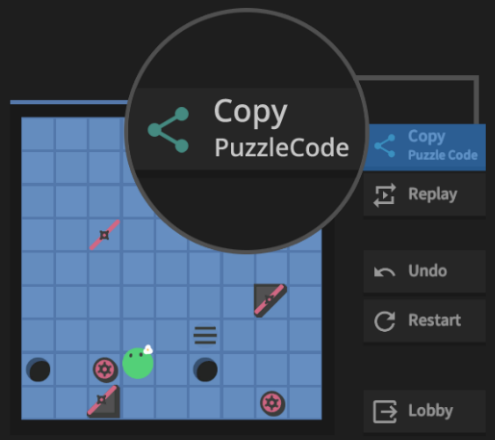

FOONDA Tier GUIDE

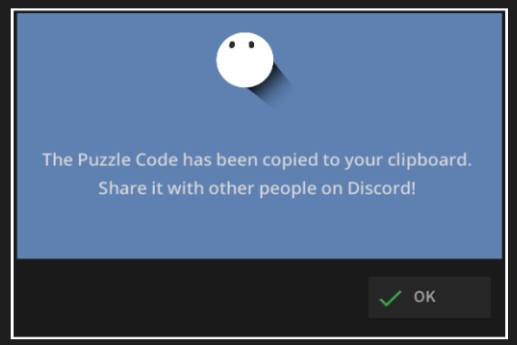

A.I. NANDA measures your tier by your play records.
The appearance of your Foonda changes according to the granted tier.

You can check the entire Foonda appearances by hovering over Player info in the upper left screen.

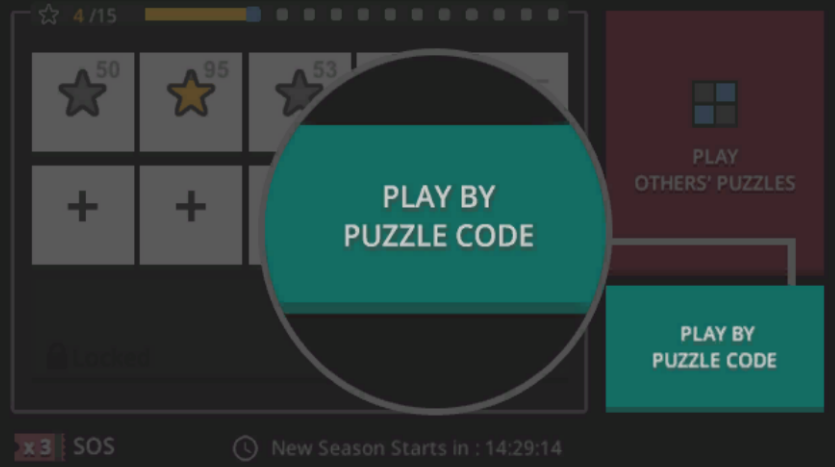

Sharing Puzzles

You can
share your puzzle
with others by clicking on
COPY PUZZLE CODE.

Individual Puzzle Codes
will be copied to your
clipboard.
You can share it
via Discord etc.

If another player shares a puzzle code to you,
you can play it by entering the code
into PLAY BY PUZZLE CODE.
