Hand Guide to Space Objects

	Common Asteroid If it collides with a ship or any kind of projectile, it will explode. There is a 50% chance that an explosion will produce a **Teal** Gem, which is one of the most precious gems.
	Red Gem An alien and unknown variety of gem. Contact with it produces a disease that is difficult to cure.
	Teal Gem One of the most precious gems, and highly sought after by the Blues.
	Yellow Gem A miraculous gem that can produce miraculous events.
	Drone The most common and least impressive ship. It periodically drops a specific variety of gem.
	Grunt A ship with the ability to shoot projectiles.
	Shooter A ship with the ability to shoot projectiles. Shoots more quickly than the **Grunt**.
	Acrobat This ship can sense when incoming projectiles are approaching, and will perform dodging maneuvers to avoid contact.
	Acolyte A ship with the ability to shoot projectiles.
	Shield Once this ship is hit, it will produce a shield that will protect it for a short period of time.
	Juggernaut This ship boasts a rapid fire rate and a higher amount of hit points than any other ship.
	Star Ship 1 This star ship features a lot of armor, but low mobility.
	Star Ship 2 This star ship offers a balance of armor and mobility.
	Star Ship 3 This star ship offers high mobility at the cost of low armor.
