Chapter 1

How to beat the game

Beating 89 is a tough activity, for sure. To be able to beat said game, one must indulge in some of the most intense “grinding” and “gaming” ever seen by humanity. The game demands a level of skill unknown by most of the earth’s population. To be able to master 89’s simple yet intricate controls, one must do what is almost impossible to many; get good. The player also has to realize that yes, the game *is* unfair and the level design *is* unfair.

Chapter 2

Tips and Tricks

Even if the game's level design and controls may seem simple, there are many straightforward tips and tricks that make the playing experience way smoother.

One of the pillars of playing 89 is the concept of trust. When jumping, something you should always do is trust in yourself. Never stop holding forward, and you will most likely make said jump. Holding forward in general helps the overall experience as well, as even though patience is important in 89, sometimes you just need to hold forward.

Chapter 3

Cheat Codes

- $\uparrow\uparrow\downarrow\downarrow\leftarrow\rightarrow\leftarrow\rightarrow\text{BA}\uparrow$
- $\leftarrow\uparrow\leftarrow\downarrow\leftarrow\uparrow\leftarrow\downarrow$
- $\rightarrow\rightarrow\leftarrow\leftarrow\downarrow\uparrow\downarrow\uparrow\text{BA}\uparrow$
- $\uparrow\downarrow\uparrow\downarrow\downarrow\uparrow\downarrow\uparrow$
- $\uparrow\uparrow\downarrow\downarrow\leftarrow\leftarrow\rightarrow$
- $\downarrow\downarrow\uparrow\uparrow\rightarrow\leftarrow\rightarrow\leftarrow\text{AB}\uparrow$
