==========

2. Installation Instructions

==========

For purchases through Steam's online storefront, the game will automatically appear in your Games list. Click on the PAC-MAN MUSEUM title to bring up the game page. Click on the Install button at the top of the page to begin installation.

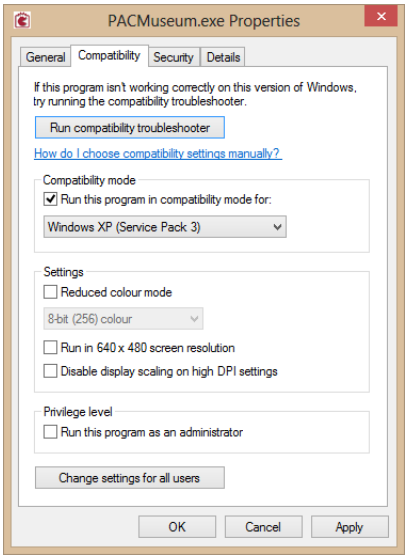

==========

3. Troubleshooting

==========

Q. I'm having difficulty running the game, and my OS is Windows Vista.
A. Try launching the game in compatibility mode by following these steps:

1. Locate the folder in which the game was installed. The default location is either
   C:¥Program Files (x86)¥Steam¥SteamApps¥common¥Pac-Man Museum
   Or
   C:¥Program Files¥Steam¥SteamApps¥common¥Pac-Man Museum

2. Right-click the program's icon and choose Properties.
3. When the Properties dialog box appears, click the Compatibility tab.
4. In the Compatibility tab, tick the box next to "Run this program in compatibility mode for" and select the desired Windows version from the drop-down list.
