Special message from the developer

"Hello,

I hope you enjoy **Legend of the Wargod**.
The game is still in development. Soon the game will be available as a full release. Currently, there is no set release date.

My current focus is to finish it and put it on Steam, so that all of you can enjoy it and share it through the world's leading gaming system.

I hope the demo and this tiny bit of love serve as testaments to my commitment."

-Tiago 'Revelen' Monteiro

Setup

Set up your pc/mac system according to the instructions in the Instructions Manual. Attach either a keyboard, keyboard and mouse or game controller and accessories as appropriate. Make sure the MAIN POWER switch is turned on. It is advised that you do not insert or remove accessories once the game is running. Make sure there is enough free space in your hard drive (at least 1GB) before proceeding to the installation.

Installation

Locate the **Legend of the Wargod** compressed folder in the application's files. If you have a compression managing software tool (such as WinRAR, WinZip or 7Zip) use it to extract the contents. Afterwards select the appropriate folder and double-click "Play 'Legend of the Wargod'" to start the game software.

You can play the **Legend of the Wargod** demo by selecting **New Game** or by loading a previous game save state in the **Load Game** menu.

Story Prelude

The **Wargod** is called to a fractured world. His arrival is rife with irregularities, there are rules being bent and broken. Still, this catastrophe must be halted, the Wargod knows this. Venture into the floating citadel of **Zea Q'arna** to confront those behind the **Shattering** to prevent the destruction of the world!

Characters

Mar'owahn

The greatest Wargod in the Grand Ocean. Duty-Bound, Honorable and a champion of the righteous path, he answers the call to serve justice in a needing world once more.

Ziczya

Tough, skillful and short-tempered, Ziczya's skill in war brought her to a Captain's role in the Zea Q'arna kingdom. She keeps her soldiers in check with fear and tough love.

Stebus

Carrying great wisdom and experience but still witty and loose. Born from elf and man, he is a master Whisperer of the Voice of Ra'. He serves as an aid to the Zea Q'arna's military effort.

Starting your adventure

Upon starting the game you'll be met by the **Main Menu**. Press the directional buttons or use the left analog stick to make selections, and press **Confirm** and **Cancel** to advance or return to a previous selection, respectively.

Main Menu

New Game

Start a new experience from the beginning.

Continue

Resume your most recent saved game.

Load Game

Select which saved game file to resume.

Credits

Review the game's credits.

Your goal

Your objective is to reveal the legend by progressing through the world and defeating the many deadly foes that stand in your way. Gain experience as a party and level up by defeating your enemies, upgrade your skills and classes through combat, collect magical items and equip epic weapons and armor that'll make your heroes stronger.

Game Over

In combat, your enemies have several ways to drain your **Hitpoints (HP)**. If all your heroes in the field (up to 5) are knocked out simultaneously, you lose!

Save Game

Your progress can be saved in the world by attuning with a **Neiz Crystal** – a stone imbued with the esoteric power of the Voice of Ra'. Be sure to save frequently for you'll face many vicious opponents.

Player Menu

You can access the Player menu by pressing the **Call Menu button**. Here you'll be have access to several key features to succeeding in your journey.

Inventory

View and use the items you've collected.

Abilities

View and use the abilities you've unlocked.

Equipment

Equip your party with weapons, armor and trinkets.

Classes

Swap your heroes' classes, switching their skillset.

Formation

Change the order of your party.

Status

View your heroes' stats, equipment and classes.

Combat Menu

Depleting your opponents' **HP** while enduring the onslaught that will come your way is how you win battles. There are multiple ways you can do this.
A unit's turn comes when its **progress bar** fills up. If one of your heroes' turn comes, you'll have several techniques to choose from.

Attack
Strike, gain heat and alter the flow of the fight.

Defend
Guard yourself, fortify your allies and win tactically.

Magic
Destroy, heal, modify and control the battlefield.

Unleash your Battle Instinct!
Fill your **Heat Gauge** and use your ultimate skills!

Items
Use the various items you've collected.

Change
Bring an ally into the fight, swapping units and delivering unique abilities on entry!

Tactics
There are endless ways to succeed in battle. Here's some strategies to help you survive and thrive in combat:

"I am the Wargod!"
Use high-heat generating attacks in succession and unleash your **Battle Instinct** on your enemies!

"I'll see it through to the end!"
Bolster yourself by defending while inflicting harmful effects – like **poison** and **bleed** – on your foes.

"Witness true power!"
Let fly your most powerful **Magic** on the battlefield. Care, for casting depletes your **Willpower (WP)**.

"Strike from the flank!"
Change the heroes on the field, control received damage and outwit your opponents with strategy.

"Maintain the pressure!"
Control your foes and take the flow of battle by using skills with **suppression** and **stun** effects.

Defy the odds and Level Up!
Gain skills, learn classes, equip yourself and
Find victory!
Will you unravel the **Legend of the Wargod**?
