GLASS2 GUIDE

-How to play Solitaire game-

Tutorial - Cards

1. you can take a card with a number that is consecutive to the card you are holding.

2. 10, J, Q, K, A, and 2 are connected.

Tutorial - Rewards

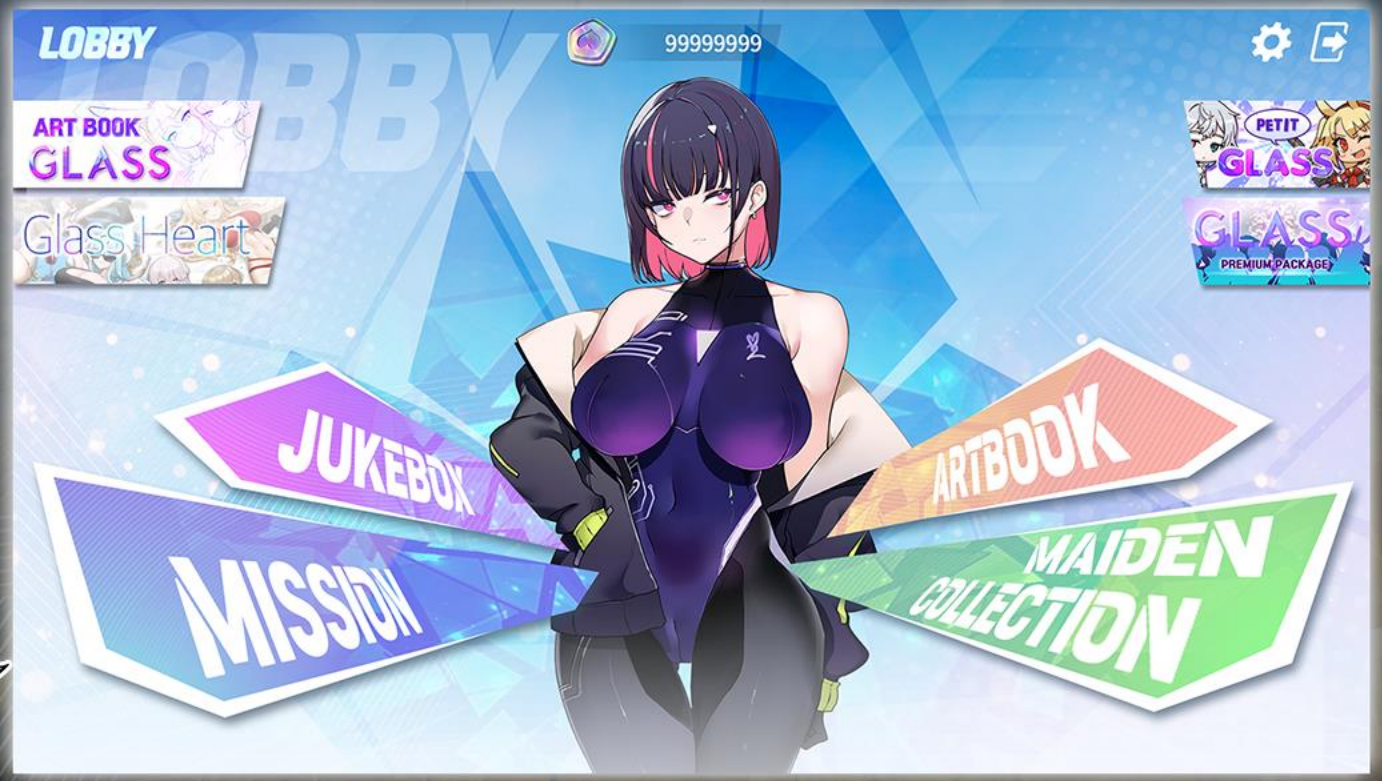

1. A combo is formed when you collect a card from the deck in a row, without replenishing it. If the combo gauge is full, you will receive a bonus.

2. When you collect all the cards scattered on the screen, the goal is achieved and you receive libido.

Tutorial - Lobby

From the lobby, you can access each of these screens
- Missions - Progress through the story and free the Maidens.
- Maiden Collection - Revisit stories with freed Maidens.
- Jukebox - Listen to select music (DLC)
- Artbook - View original artwork (DLC)

Tutorial - World Map

The Mission screen lets you choose a story to rescue the Maiden.
- Attack the Maiden through cards.
- Directly attack the Maiden herself (Hplay)

Each chapter can be selected via the Chapters at the bottom.

Tutorial - H Scene

1. the heroine's weaknesses are located in different parts of her body, and you need to increase her arousal level by targeting her weaknesses.
2. When the arousal level reaches a certain level, the tool moves on to the next stage, invading the heroine's deeper consciousness.
3. the tool uses libido to raise the excitement level a lot.
4. When you reach the final stage, you rescue the heroine.

Tutorial - Revert

Undo is the ability to use libido to undo an action and return to a previous state, reverting to a previous state.
Each time you use revert, your libido consumption increases, you can use it again and again until you reach a point where you can no longer revert until it is no longer possible to revert.

Tutorial - Revert(with notes)

If you cover a once-opened card with Revert
Reopening the card does not change the contents of the card.
Card replenishment is not affected by reverting.If you revert a wild card,
any wild cards drawn are returned to the wild card deck.
Either way, you don't get back the libido you spent on each feature.

Tutorial - Wild Cards

COST ▲

Wild cards can take any card,
Combos are also chained when you take cards as wild cards.
Whenever you draw a wild card, the next wild card
Libido usage increases when pulled.

Tutorial - Card replenishment

COST ▲

You can only use card replenishment when you have no cards in your hand.
You spend a certain amount of libido to get 5 cards.
Each time you replenish a card, the amount of libido you spend increases the next time you replenish a card.
If you don't have enough libido to replenish your cards, the stage will fail.

Tutorial - Game Gimmicks (Increase and Decrease Cards)

Incremental cards have an arrow in the upper right corner of the card,
The number on the card changes each time you pick the other card up.
From the arrow icon in the upper right corner of the card,
you can predict how it will change.

Tutorial - Game Gimmicks (Conversion Cards)

Transformed cards have a rotation mark in the top right corner of the card.
After 5 turns, it changes to a randomized card.

Tutorial - Game Gimmicks (Ice Cards)

Ice cards have the front of the card covered in ice.
You must break the ice with a card that is 1 greater or less than the number on the card to get the card to reveal it.
Ice is also destroyed by wild cards.

Tutorial - Game Gimmicks (Bomb Cards)

Bomb cards are decorated with a lit bomb at the top of the card.
You must retrieve the card before the number on the bomb reaches zero,
If the bomb goes off, you will fail the stage challenge regardless of
your current progress.

Tutorial - Game Gimmicks (Handcuff card/key card)

Padlocks and key cards come in pairs.
A card locked with a padlock cannot be touched until a key card is obtained.
When you get the key card, the lock on the padlocked card is removed,
the lock on the locked card is removed, and the locked card is then available.

Tutorial - Game Gimmicks (Matching card)

Breast and butt cards are only destroyed if they are displayed
at the same time.
If only one side is visible, you must retrieve the card
until the other side is found, which may be buried somewhere.
you must retrieve the card until the other side is revealed.

Tutorial - Game Gimmicks (Candle card)

Candle cards feature a lit candle on the right side of the card.
Candle cards burn the next card you play (including from your hand)
after you retrieve it.
the next card you play (including from your hand).

Wild cards do not burn, however.
