GAMEPLAY

Exploring

Interact with the environment and characters using the confirm key.
You may receive descriptions, clues, or information to help you progress through the game.

Using an item

Under the carry function, equip an available item in your inventory.
You can use the item when interacting with the environment or character when the item is
equipped.

Story progression

Each chapter is an individual story. Help mumu progress through each of the key character's chapter by exploring through their journey.

MISCELLANEOUS

Characters

Mumu
A cute ghost cat.

Moira
The flower witch of southern velvet town

Jill Candi
A candy witch with a wicked sweet tooth.

Angelo Hall
A young boy with a big appetite and small energy.

Varinna Endeara
A bubbly girl with a taste in cute trends.

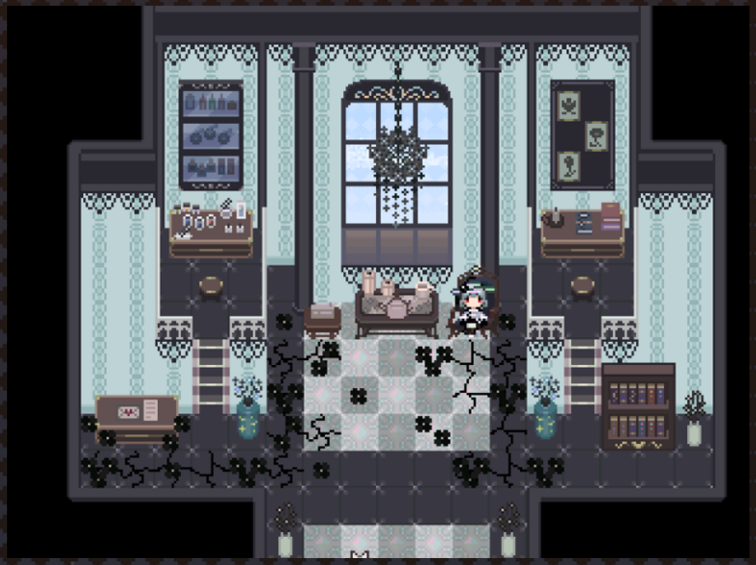

Silvia Le
A novelist who appears cold but is actually shy.

Moira's Lounge

Moira - Lounging on her chair. You can speak with her to proceed to the next chapter.

Radio - The flowers love music. You can relax with some tunes.

Bookshelf - Give you information about the mysterious town you're in. The information will grow the more you proceed through the game.

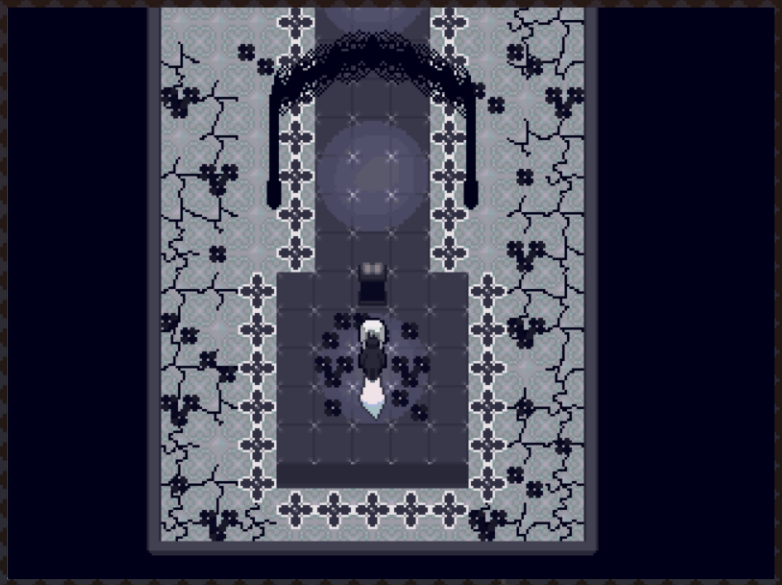

Perfumer Desk - You can create fragrant vials. Requires a flower ingredient.

Letter - Who's sending these secret love letters?

Moira's journal log - A journal with a secret. It's locked. Could the password be her birthday?

Overseer’s Room - A mysterious stage containing the Overseer's memoir.

Additional Support

Walkthrough - For walkthroughs/Guides, please use the forums from either Itch or Steam.

Platform Compatibility - This game is currently for windows only. For other platforms, please consult a tool that uses multi-platform support.

Fanwork - Want to share your fanwork on the game's website? Please tag your work under the tag #mumusoupgallery.
In regards to profiting off fanworks/gameplay: Please refrain from sharing content regarding spoilers/ending scenes (On thumbnails/covers for gameplays).

Modification - Modification or re-distribution of the game is prohibited.

- Modifying the game for translation purposes without the developer's permission is prohibited.
