INTRO

MXGP2 – The Official Motocross Videogame is the new off-road simulator all about the **FIM Motocross World Championship**.
The following is a quick guide on the content and functionalities of the title:

AUTOSAVE

MXGP2 will automatically save the game at specific points. It is advisable not to turn off the device while the indicator light on the hard disk is flashing.

MENU BROWSING

To browse through the menu, use the '**UP**/**DOWN**' directional keys. Press '**ENTER**' to confirm/select and '**ESC**' to cancel selection or go back. In some of the menus there are some additional options shown on the navigation bar in the lower end of the screen by '**F1**', '**F2**', '**F3**', '**F4**' and '**SPACE**'.

FIRST BOOT

To start, create your virtual rider by giving him a name, surname, nickname, nationality and racing number.
Then choose a bike to start your pro-quest and complete the final section by choosing a name, logo and manager for your Team.
If this is the first time you have played the game, we suggest you check the tutorials to learn the basics of MXGP2.

RIDING ASSISTANCE

You can customise your riding assistance in the 'Race Options' section of the pre-race screen. You can adjust the level of physical simulation, change braking settings, rider's weight, transmission and the amount of usable 'Rewinds'.

CUSTOMISATION

In MXGP2 you can customise your rider and your motorbikes by selecting accessories and equipment from a choice of almost 1500 pieces of over 60 real manufacturers.

GAME MODES

MXGP

In Gran Prix mode, you can take part in a single event on a track of your choice. You compete in all sessions of the race, including practice, time trial or simply the race itself. You can choose one of the official riders from the **MXGP** and **MX2** roster or use your own.
In Championship mode, you can compete for the entire **FIM Motocross World Championship 2015** season, or change the order and number of weekends and select your favourite tracks.
The Time Trial mode enables you to put your performance racing to the test on a track without opponents. Achieve your best time and climb the online leader board.

CAREER

At the start of your career, you will begin your pro-quest in the World motocross championship with your own team. By increasing your reputation after every grand prix, you will need to get the attention of the official teams or win the trust of the sponsors in order to help your team win the Championship.
Manage your team, earn credits, buy new bikes and gain sponsors while you compete to win!

MONSTER ENERGY FIM MXoN

The **Monster Energy FIM Motocross of Nations** is a team event which is held at the end of the championship, in which riders from each nation compete and represent their country. In **MXGP2**, **Motocross of Nations** is a separate game mode in which you have to choose a country and race with each of its riders in turn.

REAL LIFE EVENTS

Relive the best moments of the **2015 MXGP** season with REAL LIFE EVENTS! Try to reproduce thrilling racing

scenarios or change the course of events by proving to be the best!

STADIUM SERIES

The **Stadium Series** mode includes a set of 4 tracks all set inside different stadia. 'Show' and 'Skill' are key.

ONLINE

Challenge your friends in single races and in exhilarating online championships.

SCREEN INFO DURING RACE

NOTE: some of the information displayed may differ according to game mode.
