Controls

Press WASD to move, E to interact, 1-5 to select spells.

Press Left Mouse to cast regular spells, hold it down to cast firestream. Press I to invert mouse.

Survival Mode

To start this mode press Esc at any time and click the Survival mode button.

Survival mode throws 20 waves of monsters with increasing difficulty at you. The monsters spawn out of two portals and have slightly different stats based on their equipment.

Keep collecting herbs as ammunition, you will need it later!

Each kill adds to your score and when you die a leaderboard pops up where you can enter your name (no special characters). It is displayed in-game and on http://www.exteriagame.com/survival-leaderboard.
