(Un-)Dock to Station

Stations (1/5)

Steering Wheel

- Dock here to **steer the submarine**
- Use left and right movement key (a.k.a. ← →) to **control the direction of the submarine**
- Use Interact key to **accelerate**

Stations (2/5)

Weapon Room

- Dock here to **control the weaponry**
- Use left and right movement key (a.k.a. ← →) to **control the direction of the gun**
- Use Interact key to **shoot missiles**

Stations (3/5)

Sonar Station

- Dock here to **control the sonar**
- Use left and right movement key (a.k.a. ← →) to **control the direction of the sonar beam**
- Use Interact key to **shoot a super sonar** (which will lead you to the nearest keycard)
- Refined metal is used as ammo for super sonar!

Stations (4/5)

Smelting Bin

Tip: you can bring refined metal to the metal bins assigned to each station to upgrade that station!

- Take scrap metal here (from the green collection bin in the hall) to **refine it**
- Use Interact key to **drop metal into bin/take metal out of bin**
- Empty, In use, Done

Stations (5/5)

Engine Room

- Bring refined metal here to **repair the ship** (heal)
- Use Interact key to **drop the metal in the bin**

Thanks for playing!
