

Beer Pong VR Controls

HTC VIVE

Beer Pong VR Navigation & Documentation.

● Coming Soon

Main Menu Features

- Singleplayer
- Same-Room Multiplayer: 1 v 1 in the same space. Each player gets 5 shots, to extend play time. Swap headset over for the next player
- Multiplayer: Online match-making for 1 v 1 or 2 v 2. Each team stands on the opposite ends of the table.
- Settings: Adjust music volume, environment volume, graphics settings.

Game Modes

- Party: Standard beer pong party rules.
- Arcade: Try to make a shot in various challenging scenarios; moving cups, hoops, stacked cups, etc.
- Tournament: Official beer pong rules; scorekeeping, leaderboards, stats, etc.

Levels

- Basement: Grungy basement for an underground feel
- House Party: The familiar house party setting with lights and music.
- Simulation: A digital environment that takes you inside the very code that makes up the game.
- Vertigo: Test your skills while facing your fear of heights.
