Why is this happening? (Story Begins) – PAGE 2

A dark battle of magic and death awaits! A powerful force is coming to mankind's planet. It wants the souls that inhabit it, it wants revenge upon anyone who opposes its power, Its wants its throne. You along with the help of powerful friends will have to rush through both lands of light and darkness to prevent the end of all things. But, there'a only a matter of time to do it. Once the Moon turns Blue, mankind will see it as history in the making but, the chilling reality of its true meaning is that the beast is about to arrive.

Main Menu

New Game: begin a "New Game", "Saved Data" will not be overwritten until after the first "Save" has been made.

Load Data: Load and continue the game with saved data. (Items, progress,etc.)

Options: Controls and Subtitles

Screen Hud Information

Vital (Life): indicates the amount of health you have remaining. Once completely depleted you will die.

Days Remaining: represents the amount of Days and time you have remaining before the final battle occurs. Once all days are completed the final MUST be fought.

Screen Hud Information (Con't) – PAGE 4

Major Threat Vital: appears only when a Major Threat has appeared.

Item Box: When a magical item is collected it will appear in this box. When no magical item is collected this box remains empty.

Available Scroll: indicates a scroll is set for use.

The Known of Cast Members

Scroll of Martyr (The Scroll Reader):

Has been called fourth to prevent mankind's end, capable of reading ancient scrolls of dark power.

Sador (Magic Apprentice):

An apprentice of a great and powerful being who has existed in the shadows for decades.

Vazelor (Scroller Reader Assistor):

A creation from the same being that Sador operates under but, contains untapped powers.

Let All Power Be At Your Call – PAGE 5

Throughout the adventure you will collect powers which have no limit to use. These powers are hidden within Scroll Tablets. Once these scrolls have been collected they will grant you powers which will be needed and very important in the battles to ahead. No one knows how many of these Scroll Tablets are hidden throughout the world but, there is said to be many.

Temporary Magic Items

Corpse Cape: When worn the wearer can become immune to damage from any attack.

Charming Flame: When activated this candle gives life to whoever is its user.

Fire Star Necklace: protects its user for a high price of course.

MARTYR: The Forsaken Land of Two and A Half Days – PAGE 6

There are two sides to the world of Martyr: the Lightness and the Darkness. Both will be raided with the hordes of creatures who have been sent to destroy the one called upon to prevent the arrival of the Beast. Both lands of Martyr will send fourth challenges of plenty. Which challenge and area of the land will be faced determines completely upon the Scroll Reader's decision. Choose your own path, choose your own death.

Magic Trainer

Visit the Magic Trainer to learn more about the available magic items that cannot be found in the many locations of Martyr.

So Many Enemies, So Much Blood

The Beast is coming soon, with its arrival all evil will hear its call and answer. Prepare to face off against tons of protectors defending the one who is said to fall from the skies during the transformation of the Moon. This special night is not only the arrival of their new leader but, it is the arrival of a new age. They cannot and will not let you ruin this for them.

Communicating with Vazelor – PAGE 7

Communication with Vazelor is important to your survival. As you upgrade in power Vazelor will upgrade in power as well. This can result in her being capable of performing (Rehealing Spell, Increased Defense, etc.) If Vazelor is your main protector, she has powers that will destroy your enemies as well as protect you but, she can't do it alone, you have to play your part as well. If Vazelor gets too far ahead of you press the **Left Arrow Key** to call her back.

Loading and Saving Data – PAGE 8

Whenever you have successfully progressed through any area of Martyr you will be given the option to “Save” your progress. Understand that any of your progress saved must be “Loaded” from the Main Menu. Progress Saved can only be overwritten if a New Save is performed. You will be provided instructions on how to Save your progress everytime you complete any area of the land.
